This document is intended to give you the guidance you need to create effective, accurate product detail pages and maximize your business. A product detail page shows information about the product- including title, bullet points, product description and images. This data is crucial to ensure that customers will be able to find and purchase your products. Providing a consistent format for your listings will better inform customers and enhance the discoverability of your products.

A. Title Guidelines: Your product title is the first thing customers see when visiting your detail page and is vital in helping customers to find your products when they search online or visit Amazon.in. Titles also give important information to browsing customers, increasing the chances that they will click on and purchase one of your items. Amazon uses the words in product titles to display your products in search results. A concise and relevant title will drive traffic to your product. Always check titles for consistent format and accuracy. Follow the guidelines below to create product titles that make a good first impression.
